1. They live in the mud in the sea, And they feed on green algae.
2. We learned about clams from A to Z, How new clams are small as can be;
The Clam Song, p. 2

Shells protect them mightily; From predator's there in the sea.
Some grow strong and survive all; Others the gulls are their downfall.

Chorus:
My-a Ar-en-ar-i-a is the clam's real name;

Down-east Institute taught us on the coast of Maine!

Baby clams, better look out! Predators are lurking all about!
The Clam Song, p. 3

Moon snails and little green crabs Are looking for some food to grab!

3. When clams gain maturity They help Maine's economy.
4. Learning about clams was such fun; Going out in rain or sun.

Watch for gulls, they like clams too; They will not share with me or you!

All the things that we have done! My-a Ar-en-ar-i-a
